

Due to COVID-19 and the need for social distancing, Activities will operate a calendar on a day-to-day basis. Each neighborhood Activity Aide is in charge of coming up with a daily plan for neighborhood activities. These activities will include the interests and preferences of each resident and will be carried out through group, independent, and one on one choice activities.

Each week activities will include chapel gatherings, neighborhood bingos, crafting, beauty shop visits with activities, and exercise classes, though, it will not be limited to just these gatherings. When the weather allows we will be spending much of our time getting some fresh air.

If you have any questions or requests, feel free to contact Ellen Montgomery Monday-Friday at 308.995.4493 or through email at emontgomery@chrisoma.

We will continue to assist residents with spiritual, mental, physical, and emotional activities to ensure the positive well-being of our residents during this time!
